Parallel visits in Bordeaux

Neighborhoods of Bègles,
Neighbourhood Grand Parc
Neighborhoods Bacalan
Neighborhoods Capucins

Optional excursions are offered to participants that have registered in advance of the CIRIEC Research Conference in partnership with L'Alternative urbaine Bordeaux, a local solidarity tourism association. The organization offers off-the-beaten-path guided tours in so-called "working-class" or lesser-known neighborhoods of the Bordeaux metropolitan area. These walks are led by "urban guides" — people distanced from the labour market for whom this paid activity serves as a stepping stone toward stable and chosen employment. The six excursions will take place on Wednesday, 29 October at 4:30 PM in different neighborhoods, running in parallel, and will last about an hour and a half. Each tour will include a visit to a Social and Solidarity Economy (SSE) organization located in the neighborhood explored. Registered participants will receive details of the meeting point a few days beforehand (please allow time for travel from the Palais de l'Atlantique). In case of cancellation, please inform the organizers so that other participants may attend. Discover L'Alternative urbaine Bordeaux: <https://bordeaux.alternative-urbaine.com/>
